

CONFIDENTIAL

1 May 1959

MEMORANDUM FOR: Office of Logistics/Procurement Division

ATTENTION

:

25X1

SUBJECT

:

25X1

1. It is requested that authorization be granted to [redacted] (RD-155, Task 1) to amend the present task order to cover the following requested changes:

25X1

25X1

- a. Removal of prototype aft cargo door, guide rails, and appropriate ceiling section.
- b. Modification of original forward cargo door for reinstallation in the aft door position.
- c. Modification of original forward cargo door to accommodate access to and from the aircraft on the ground from inside or outside, and incorporate an emergency release mechanism for this door. The modified door shall be outward opening on hinge brackets.
- d. Reinstallation of the modified cargo door, including necessary wiring, structural repair, upholstery repair, and associated hanger rental.
- e. All necessary engineering, supervision, shop and material charges should be included in the change order.

2. The changes listed above shall be in accordance with the decisions and understanding arrived at in discussion between TBS/ED [redacted] and [redacted].

25X1

25X1

3. In addition, it is requested that overtime authorization be granted [redacted] for the above described changes. Aircraft availability, based upon operational requirements, necessitates this course of action.

25X1

4. A formal proposal covering the change in scope, as described in paragraph one, will be forwarded prior to the completion date.
